# 1.Details of Event

<b>Name of Event</b>	Project Fair
<b>Theme</b>	Innovation and Application of Engineering to the society
<b>Inaugurated by</b>	Dr. Sanjay B. Joshi (Hon. Principal, NSIT) Prof. V. B. Babariya, Mr. Dinesh Patel
<b>Organized by</b>	NSIT, Jetalpur
<b>Guest of Honours</b>	(1) Amit Prajapti (Sr. Develpoer) (2) Piyush Patel (Asst. professor)(Sal Institute of Technology)
<b>Date</b>	20 <sup>th</sup> April 2018
<b>No. of people</b>	80-100
<b>Activities carried out</b>	Invitation, Knowledge Sharing, Project Understanding, Project Evaluation, Photography
<b>Time</b>	10:00 am
<b>Place</b>	At Jetalpur, Ta. Daskroi, Dist. Ahmedabad

# 2.About the Event

Project fair of final year projects was organized by Computer Science & Engineering Department at NSIT on 20/04/2018.Total 31 groups were participating in project fair with various innovative projects, we had also invited Experts from industries for project marking. All projects were innovative and best in respective areas & Application. Invited examiners had examined all the projects one by one and gave ranking to best three projects.

The detail of best three projects is given below.

<b>Sr no.</b>	<b>Enrollment no.</b>	<b>Name</b>	<b>Project title</b>	<b>Internal Guide</b>
1	150343107004	MODI HARSHIT	Peace	Pragnesh Patel
	140340107020	PANDYA JAIMIN		
2	140340107050	SHIROYA JAYDEV	Smart Automation System	Anand Chauhan
3	150343107002	PRASHANT GAJJAR	Franchise-Deals	Sujata Panda
	140340107057	DAKSH UPADHYAYA		

**Rank -1 : Title: - PEACE**

## ABSTRACT

Here in this project we will provide a system through which we can connect a user to service provider. We will provide a common platform through which we can connect multiple service regarding to cremation so it will be useful to the users. They can book

everything regarding cremation in our application. User can find routes of crematorium. We will also provide paid live streaming of cremation.

**Rank -2 : Title: - Smart Home Automation System**

ABSTRACT

A Smart home is a home that is equipped with technology to remotely control and automate household systems like lighting, doors, ventilations, entertainment systems, security alarms, surveillance cameras and other connected appliances. But it's more than just remote controls. Smart home introduces artificial intelligence to transcend the remote controls and programmable settings that have been standard home features for the past several decades, to create a centralized, self-regulating home monitoring, control, and energy conservation ecosystem.

**Rank -3 : Title: - GO-FRANCHISE**

ABSTRACT

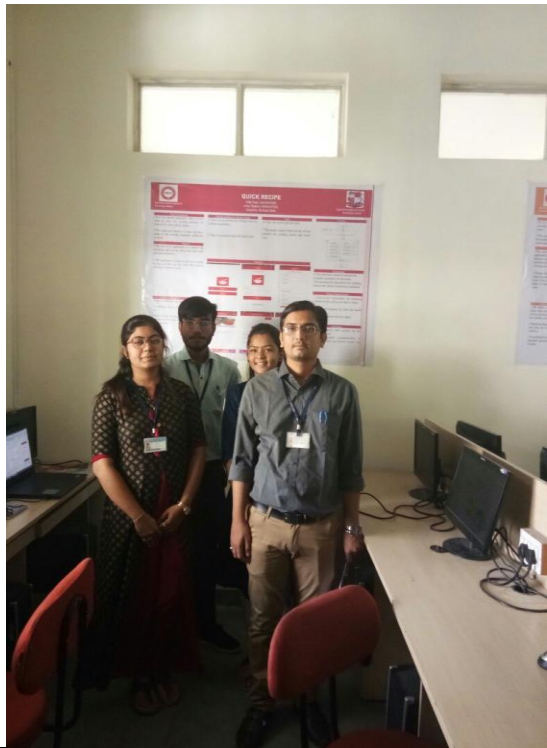

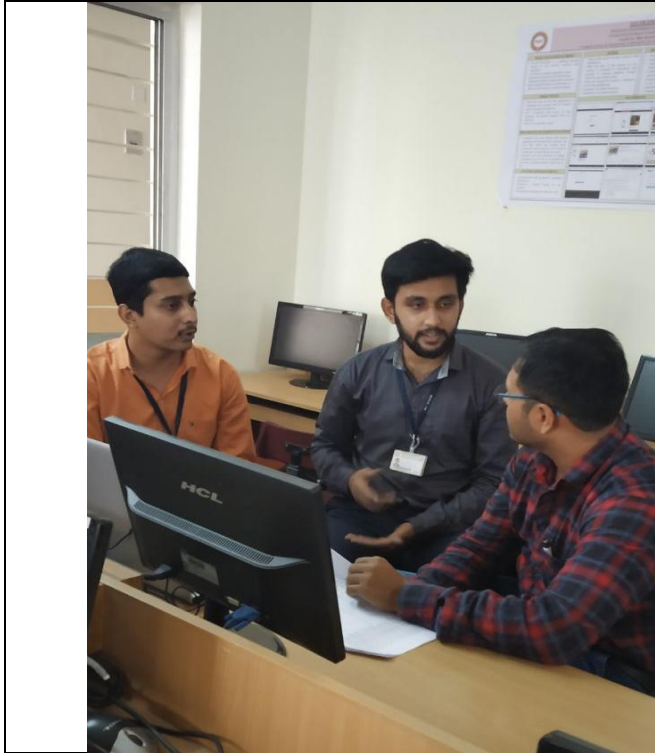

This system will provide online platform to connect a Customer and Franchisor. System will provide multiple services regarding to take franchise and give franchise, through which we can connect customer and franchisor. Now a days customer have to go multiple places and find out best place for their franchise but GO-FRANCHISE will provide online solution for that, it will shows multiple places at same platform so customer will find out best place for their franchise and go for visit to confirm their deals easily. Franchisor can also search for places to give franchise.

Student of Project "PEACE" explaining project

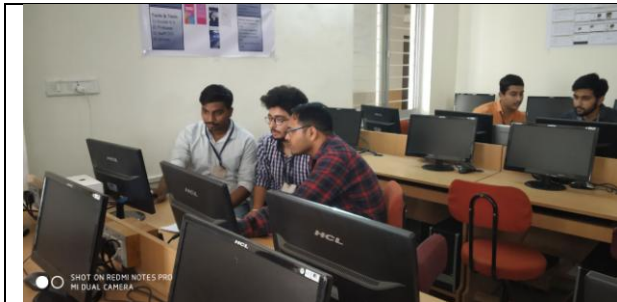

Student of Smart Home Automation Showcase their project

Student of Go-Franchise explains their project to Experts

## Memories of Project Fair

## Feedback of Experts

*“Project Concepts of IDP/UDP is good. It may be useful in our day to day online business activities. We would like to thank college management to provide us an opportunity to evaluate final semester student’s projects.”*

**Mr. Amit Prajapati**

*“It was a good and charming experience. Students were also found to be brilliant. Projects given by the guide was good. Internal staff was also supportive. Students work is nice”.*

**Mr. Piyush patel**

Sal Institute of Technology, A’bad

## Feedback of Experts

*“This fair provides open forum to discuss new ideas and their implementation for benefit of society.”*

**Pragnesh Patel,**

**Assistant Professor, NSIT**

*“The project fair helps students to get aware about different kinds of projects of each student.”*

**Saumil Patel,**

**Assistant Professor, NSIT**

## Students Feedback

*“This Project Fair gives the opportunity to show the work of project in open environment.”*

**Jani Hiral**

**(Student- 8<sup>TH</sup> SEM CSE)**

*“The project fair provided insight about the problems of the industry and their solutions.”*

**Jay Patel**  
**(Student- 6<sup>TH</sup> SEM CSE)**

*“Very informative and useful for juniors, researchers and people having urge to learn about latest development in field of computer science and IT.”*

**Priyank Patel**  
**(Student- 6<sup>TH</sup> SEM CSE)**

### **3. Conclusion**

At the end of event we found that the event was highly appreciated by the Principal and institute as it was expressing the duties of Engineering to the society. Also this event created a social impact of good engineering.
