**Project title: Tutor in portal with white board sharing.**

**Abstract:** This web-site is basically to help tutees to learn with white board so it makes learning interesting. This site gives a market place to all tutor and tutees who are registered on this site. It gives functionality to make your own account and profile. Anyone can learn from anywhere and anytime, this is main advantage of this site. Even tutees can ask question to any tutor at any time. Tutees can learn from expert tutors. This site is earning medium also for tutors. Tutees can learn their interested subject from any tutor according to their time. This site include social contains, education purpose and earning purpose also.
